ABOUT ME

I am a responsible A Level Computer Science student with strong attention to detail with an ability to stay calm in most environments.

Through my experience as a mentor for phonics, Teaching Assistant, and DofE, I have developed clear communication skills, and patience when working with students and staff.

I am organised, and able to follow instructions, making me well suited to roles requiring accuracy, such as exam invigilation

EXPERIENCE

The Deepings School, Peterborough — *teaching assistant*

May 2024 - May 2024

This was for my Y10 work experience. I was a teaching assistant within the maths department, helping students with work, and helping to keep the class on track.

Deeping News, Peterborough — *news paper delivery*

I was delivering newspapers by bike, before school. This helped me develop skills in time management and increasing my ability to communicate with people, whether it's on the road, in the newsagents, or out on the streets

DofE, England — *DofE Trainee Leader*

September 2024 -Present

I've been working as a DofE assessor (due to age I am technically not on the DofE approved assessor list, but I have been training with various companies willing to let me train). My work with the DofE award has helped me develop numerous skills including, my ability to problem solve in multiple types of situations.

Skills

Microsoft office suite,
Google business suite,

Communication - DofE,
and Working with SEN
students.

Problem-solving -
Actively working in
DofE, working with SEN
students.
